Who is Future First?

Future First is a charity who helps schools and colleges stay in contact with their students from the day they leave.

Why keep in touch?

Building your CV

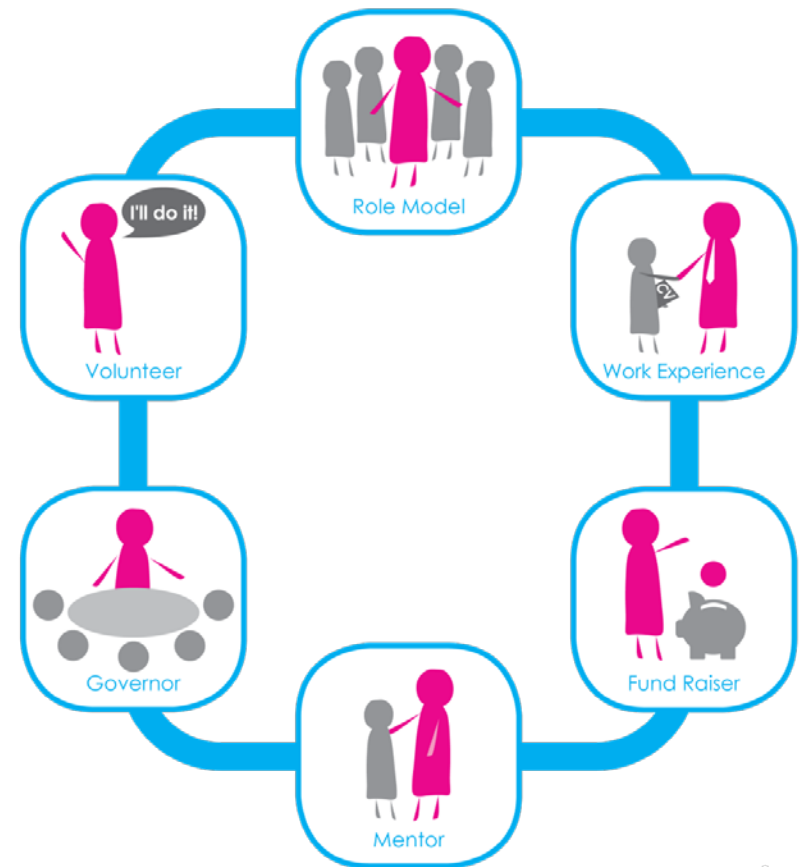

Whether you've started thinking about it now, or you need a helping hand in the future, we might be able to offer advice/opportunities to gain work experience and learn new skills.

Staying connected

Updates on our news and invites to upcoming events .

Getting a job

We might hear out about great opportunities for you to get involved with.

Why keep in touch?

Giving something back

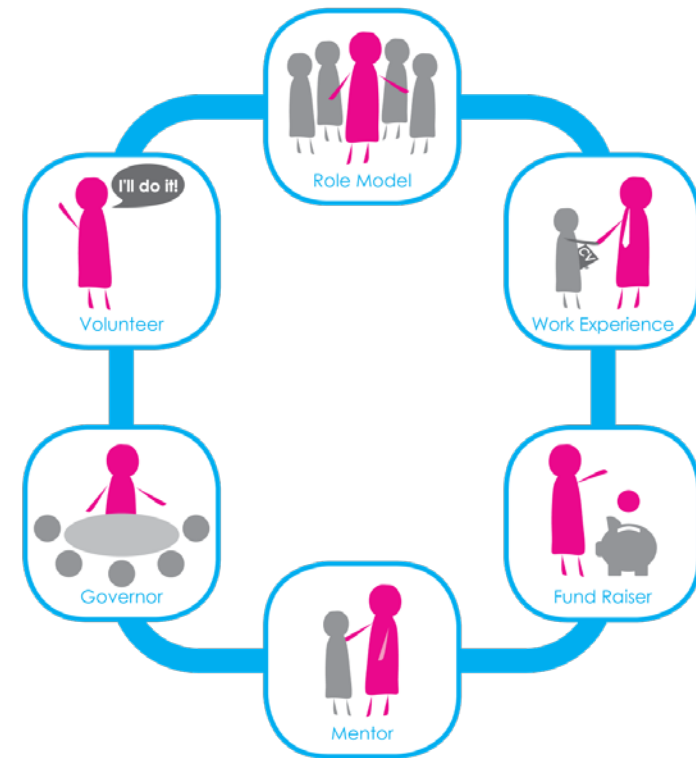

Just because you've left, it doesn't mean you have to stop getting involved in the things you enjoy. We'd still love you to come back in and help out.

Helping others

Would you have benefitted from hearing from former students in jobs? Keep in touch and, a little further down the line, you might talk about your experiences to students in your old seats!

Asking for a reference

If you stay in touch now, we might be able to help you secure a job in the future by providing references for your future employer.

Sign up Today!

It's easy. All you need to do is:

A screenshot of the Future First sign-up form. On the left, there is a pink box with the text 'SIGN UP HERE!' and a paragraph explaining that signing up to Text School Future First Network is quick and easy, and that users will stay in touch after leaving school. Below this is the email address 'networks@futurefirst.org.uk' and three small photos of students. On the right, there is a 'Student sign up' form with a blue header. It includes a 'Login with Facebook' button at the top right. The form has five input fields: 'First Name *', 'Last Name *', 'Email *', and 'Mobile Number *', each with a grey input box. Below these is a dropdown menu for 'What year are you in?' with radio buttons for 'Year 11', 'Year 12', and 'Year 13'. At the bottom, there is a checkbox labeled 'I have read and understood the Privacy Policy'.
