

AQA Certificate Level 3 Applied Science

Entry Requirements

To study AQA L3 you will need a minimum of grade 4 in one science and at least grade 5 in English and Maths.

Knowledge & Skills gained:

- Developing knowledge, understanding and skills appropriate to a career in applied science industries.
- Learning how to carry out science practical techniques, investigations and apply mathematical tools.
- Developing understanding of the role and responsibility of technicians.

Complementary Subjects

Many of our students also take other BTEC qualifications such as Health and Social Care and Sports Studies. We also offer GCSE Science resit classes to support employment/FE choices for those who did not get C+ first time round. English Language is a good supporting subject to help develop confidence in communicating with clarity and precision.

Future Opportunities

University - Students studying BTEC L3 Applied Science can go on to study Nursing, Health Care, Medical Physics and Chemistry technical courses.

Employment opportunities – an audit in 2010 identified national shortages of skilled technicians in the health care, energy, chemicals and transport industries.
