

Cambridge Technical Level 3 in Business 2016

Entry Requirements

At least grade 4 in GCSE English and Maths

Knowledge & Skills gained:

how a business might evolve. From a small start-up business to a large multinational organisation, students will consider a range of different business types and gain an understanding of how the choice of business type might affect the objectives that are set.

internal workings of businesses. Including their internal structure and how different functional areas work together. Plus, by looking at the external constraints under which a business must operate

understanding of the legal, financial and ethical factors that have an impact. Students will explore ways in which businesses respond to changes in their economic, social and technological environment; and gain an appreciation of the influence different stakeholders can have upon a business

The Cambridge Technicals in Business have been developed to meet the changing needs of the sector, and prepare students for the challenges they'll face in Higher Education or employment. The Cambridge Technicals in Business focuses on the skills, knowledge and understanding that today's universities and employers demand. Students will practically apply their skills and knowledge in preparation for further study or the workplace.

Future Opportunities

This qualification gives learners the opportunity to progress to higher education to study a BTEC Higher National a related course, a degree in an business discipline or a degree where business related skills and knowledge may be advantageous, such as business studies.

This qualification carries UCAS points and is recognised by higher education providers as meeting admission requirements for many relevant courses. The qualification supports entry to, for example:
